## 113 MEN TO LEAVE OHIO COUNTY DURING THIS MONTH

Largest Number of Men to Ever Leave Here At One Time to Go to Camp—Some Farmers Will Have to Be Taken.

One hundred and thirteen men is the number given out at Frankfort as the next bunch to leave here for a military camp. This is by far the largest number that has ever left here at one time, and a great deal larger than the Local Board officials had anticipated having to send, though they had been informed that Ohio county would be called on to send the largest number of men during the month of May that it had ever sent.

Though the Local Board has had no official notice as to the number of men that will leave and just when they will depart, the number given out from headquarters at Frankfort is 113, and that they will move sometime between the 25th and 30th of this month.

### OHIO COUNTY MAN DIES IN GEORGIA.

The following item in Macon, (Ga.) Exchange, tells of the death of Mr. R. A. Patton, formerly of Ohio County.

When R. A. Patton, aged 78 years, was called for breakfast Friday morning at 6 o'clock and did not respond, members of his family went to his room at the home of his daughter, Mrs. L. D. Selman, 262 Ell street, and found him lying across the bed dead.

Mr. Patton had been in ill health for some time, but not confined to his bed. Several years ago while he was a general contractor, Mr. Patton was caught under a falling roof and struck on the head. Since that time his health had not been good.

Coroner Peter W. Stubbs investigated the old man's death, but found it unnecessary to hold an inquest. Besides his daughter, Mr. Patton leaves two brothers, J. H. Patton, of Hartford, Ky., and J. L. Patton, of Livermore, Ky. He had been a resident of Macon for 30 years. Most of that time he lived in Vineville on Forest avenue. A few years ago he removed to Kentucky, but a short

time ago came back to Macon to reside with his daughter.

### MARRIED AT THE COURTHOUSE.

Even the grim shield of war cannot blunt the darts of Cupid. Almost every week marriages occur at the Ohio County Courthouse. Last Thursday Mr. Daniel Hill and Miss Agnes Obenchain secured license and were united in blissful wedlock. Judge Cook performing the nuptial ceremony. They both resided near Fordsville.

### LODGED IN JAIL.

Lawson Hayes, of Simmons, was arrested and placed in Ohio County jail, Monday evening, to await trial. He was charged with vagrancy, also with child-desertion. The time for the hearing of his trial has not been set.

### MARRIAGE LICENSE.

Birch Holland, Beaver Dam, to Nola Parritt, Beaver Dam.  
Wavy Baize, Renfrow, to Elsie Goff, Renfrow.  
Dannie Hill, Fordsville, to Agnes Obenchain, Fordsville.

### OHIO COUNTY'S QUOTA \$4000.00.

A meeting was held in the office of Campaign Manager A. D. Kirk, Monday evening, at which plans were formulated for raising Ohio County's quota of \$4,000.00 for the Red Cross in the second War fund Campaign which starts May 29 and continues for one week, ending May 27th.

The Ohio County people have proven themselves intensely patriotic on all other occasions in the past, and we feel sure that this quota, and more, will be raised without difficulty. The Red Cross is just as important, if not more so, as any other branch of war service. It comes closer to us because it touches the human side of the great struggle, bringing cheer where others fail. The people of this county supported the Liberty Loan enthusiastically, to equip and arm our boys for battle; and we trust they will be just as enthusiastic in their support of the Red Cross, which brings succor and tenderness to them when sick or wounded.

### LOVE FRENCH AVIATOR GETS SIX MUN PLANES.

Paris, May 10—Six German airplanes were brought down yesterday by Sub-Lieut. Rene Fonk, the War Office announces.

The statement follows: "Yesterday Lieut. Fonk brought down six German biplanes in the course of two patrols. He downed the first two in ten seconds, the third five minutes later and the other three in the course of the second patrol."

Lieut. Fonk's achievement of yesterday has never been equaled. He is the greatest French-air battler since the death of Capt. Guynemer.

### FOOLS GERMAN CENSORS.

St. Paul, Minn.—A Minnesota Boy in a German prison camp has put one over on the German censors and told the true state of affairs in a letter to his parents. Camouflage praise of the treatment he was receiving caused the innocent censors to pass the letter to his parents in Minneapolis.

"We are having the very best of treatment," the letter said. "The Germans provide us with the very best of everything. We could not be better treated if we were with our own people. There is only one thing I could wish for and that is to be in Lakewood Park."

Lakewood Park impressed the Germans as a pleasure spot. It is a cemetery.

### PREPARING TO RATIFY.

Kansas women are not going to be content with a mere matter-of-course ratification of the Federal Suffrage Amendment by the legislature of that state when it shall have passed the Senate. The women want the Amendment ratified "with true Kansas enthusiasm" and a resolution to that effect was adopted with much applause at the twenty-third annual convention of the Kansas Federation of Women's Clubs.

### PASSENGER TRAIN CARRYING TROOPS WRECKED.

Columbia, S. C., May 10—Five soldiers were killed, two were so badly injured that they died en route to the base hospital, four were seriously injured and eight less seriously hurt when a wooden passenger coach loaded with soldier. If the 321st Infantry and the 217th Machine Gas Company jumped a trestle at Camp Jackson to-day.

The men had just entrained for the army cantonment at Camp Sevier, at Greenville, S. C.

### REVIVAL AT FORDSVILLE.

### ASSESSMENT FIGURES.

The assessment of property for taxation is perhaps the least systematic of all the departments of the county's business. A dozen, or perhaps a score, of deputy assessors approach the property holder and accept whatever value he elects to place on his property, as a final list, and then a board of supervisors, the members of which do not know a thing about the value of one tenth of the property in the county, take a random shot at equalizing the burden of taxation.

For the benefit of those who are interested in such matters we offer, by precincts, the number of acres of land in each, and the assessed value per acre:
